Alyson N Dauti

MAR 17, 2008 - MAR 10, 2020

On the morning of March 10, 2020, at 1 am, our dear Alyson passed away. She was our angel on earth. She brought joy to many hearts with her beautiful smile. Since birth, she was diagnosed with Cerebral Palsy, which is a group of disorders that affect movement and muscle tone or posture, which in this case was severe. CP is caused by damage that occurs to the immature brain as it develops, most often before birth. She was a fighter from birth. She was being taken care of by her mother, brother, and grandparents that truly gave their best to care for her. Her mother, due to unfortunate circumstances is a struggling single mother that did the best she could do to support her family and give her kids the best life. Alysson is also survived by her 16-year-old brother that loved her and assisted with care. Her father is overseas following deportation.

If it is on your heart to assist this family in time of need, every bit will help and will be appreciated greatly. God bless.
