I met Robbie through Andy and my husband and his Parma classmates year 1960. Robbie was such a warm and loving person. Always had kind words to say. We laughed together, shared meals and had a very close friendship. She helped us find the perfect home for our one son and then helped us immensely when we were moving back from NC to Ohio. I remember the two of us sitting in our home now when we were scouting out houses. We were in the kitchen, sitting at the table, I looked at her and said, Welcome to our new home. I will keep that memory close to my heart. We purchased that house. I just wish Covid-19 didn't come because we were robbed of so much time to spend together with Robbie, Andy and us. It is so hard not being able to say "good bye" to someone you truly admire, love and cherish. I love you Robbie....my life will have a forever void. Andy and family, you are in our thoughts and prayers during this very difficult time. Robbie will be truly missed by so very many people and family. Please accept our heartfelt sympathy. May she now Rest In Peace and join her son and daughter and all those who have passed before her.

To my dear step mother, Robby! I promise I will watch over my father. He loves you so much and it's going to take some time for him to begin healing, but we will all be there for him. Cooper misses you terribly!!! He kept running upstairs looking all over for you, he thought you were hiding! It broke my heart Cooper kept searching for you Robby, until yesterday when you were laid to rest, Cooper suddenly stopped looking for you and went to rest on your pillow where he sleeps now. I think the day you were buried, Cooper knew his mommy went to heaven. I'm sad I didn't get the chance to tell you thank you for all that you did, I thought I would at least see you one more time, but God took you so fast. I called the hospital the night before you died, but they told me I couldn't see you because of COVID. I took it very hard when you left because I never wanted my father and Ryan to have to live in this world without you. You were a great mother to Ryan and a wonderful wife to my father and you will be missed everyday for the rest of our lives. Thank you for making sure you showed me where the grape leaves are behind the house. As sick as you were, you took me back there by the trees just to teach me how to find grape leaves. I'm so so SO sad Robby, how do we begin to live without you? I am sad I didn't get to tell you so many things I wanted to say. The hospital told me you had 3-7 days left to live, but you were gone 7 hours later. May your memory be eternal and your resting in peace. My father is so lost without you Robby. I pray God eases his pain. Goodbye Robby, until we meet again, I LOVE YOU!!!❤️
