Dear Mom,I just want to tell you how much I love you and I miss you so much. You were the greatest person I have ever known. You gave me the best life 61 years ago and made sure that was always the case throughout those years. Your love for me was contagious and even in your final days you still found a way through your closed eyes to tell me you loved me a million bushels which is what you said all of my life, and I will cherish those few words forever. I am going to miss our on my way home from work phone calls and also a call before going to sleep every night without fail. But more importantly I am truly going to really miss are Sunday's together where I would come over and cut the grass and then you would prepare one of your many awesome dinners that we would share together and then just sit and talk with each other the rest of the night. There is so much I want to say here but everyone already knows what I would write. You were the kindest person I know and would do anything for anyone at anytime without asking questions, for that you will always hold an even more special place in my heart. You showed so much care and Love for Tina, Jessica and Kaylee and I thank you for that as well. So as you know I love and miss you so much please go be with Dad and watch over me Tina Jessica and Kaylee forever. Rest in Peace Mom till we see each other again.Always in my Heart, Love Kenny
